## POLICY

Harston Primary School is committed to providing a safe, supportive and inclusive environment for all students, staff and members of our community. Our school recognises the importance of the partnership between our school and parents and carers to support student learning, engagement and wellbeing. We share a commitment to, and a responsibility for, creating an inclusive and safe school environment for our students.

The programs and teaching at Harston Primary School support and promote the principles and practice of Australian democracy, including a commitment to:

- elected government
- the rule of law
- equal rights for all before the law
- freedom of religion
- freedom of speech and association
- the values of openness and tolerance.

This policy outlines our school's vision, mission, objective, values and expectations of our school community. This policy is available on our school website and our staff induction handbook.

## VISION

Harston Primary School's vision is to work towards and create a community of independent and self–disciplined learners who employ high level thinking skills with relevant information and communication skills, across all aspects of learning.

## MISSION

Harston Primary School's mission is for "All children to have the right to a high-quality education taught by high quality staff". All children have the right to be happy and safe, in a supportive and stimulating environment. All children are part of a wider community where learning is "For Life".

## OBJECTIVE

Our school's objectives are considered as part of the 4 yearly strategic planning process and reflected in the goals listed in our current School Strategic Plan (SSP). We also develop an Annual Implementation Plan to operationalise the goals and key improvement strategies contained in our SSP.

## VALUES

Harston primary School has three core values using the acronym HPS. Using the 'peapod character' developed to represent growing together.

H– Happy P– Participating and S – Strategies.

Everyone learns more when they are *happy* and then they *feel/like* they can participate. By learning strategies to deal with real life individual issues students then have more ownership and feel happier and are more willing to participate. The school is known to families for its strong emphasis on differentiated learning, where students share a whole-school classroom and work on individual learning points of need resulting in strong user-friendly strategies. Staff partners closely with families to achieve student outcomes everyone can take pride in.
